HWM 787 Capstone Prep (MS)**1
Credits**

This course provides the opportunity for students to prepare for their semester-long capstone project. Students will identify a partner organization with whom they can collaborate for completion of their capstone project the following or a subsequent semester. Students will develop a project proposal designed to synthesize and apply information from the Master of Science in Health and Wellness Management curriculum.

This course is only required for new students starting in Fall 2023 or later.

Prerequisites: 18 credits in the program or with academic director consent
