Course Requirements

Readings/Viewings:

Readings come from the textbooks. Additional resources include articles, videos, and other interactive content interspersed throughout the course.

Assignments:

The assignments provide opportunities to apply the skills and knowledge required for successful completion of the course. Assignments must be well organized, use scholarly tone, follow APA style, be consistent with graduate-level writing/communication style, and be turned in on time. All individual and group assignments should be uploaded via the Dropbox. Check your grades in D2L for feedback on assignments, and refer to the Course Calendar for all due dates.

Participation in Discussions:

Your instructor strives to foster an inclusive, comfortable environment where students are encouraged to participate whether in the form of class discussions, small group activities, or simply personal engagement with the material. Students bring with them a rich diversity of experiences and perspectives. Sharing your views and ideas in class is encouraged as it often adds to the richness of the learning environment and in some cases may spark thoughtful discussion or debate. Differences of opinion are to be expected, but students must be respectful of their fellow students (and instructor) regardless of how you may view their opinions.

A discussion rubric will be used to grade the required discussion assignments. This rubric focuses on categories that define and describe the important components of the discussion. Each category contains a gradation of levels of completion or competence with a score assigned to each level and a clear description of what criteria need to be met to attain the score at each level. In addition, please pay attention to grammar and spelling.

Student Video Presentations:

Beginning in Week 5 and going through Week 13 students will give a short (3-5 minute) video presentation on a chosen Wellness Law court case.

Policy on Late Assignments:

Students are expected to submit assignments by the due dates noted in the course. In extenuating circumstances, the student must contact the instructor as soon as possible to discuss the situation. In those circumstances, the appropriate course of action will be discussed.
