

Syllabus for HCA 790

Capstone

NOTE: This syllabus document contains the basic information of this course. The most current syllabus is available in the full course.

Course Description

The capstone course is a culmination of all prior coursework and learnings. Each project is tailored to a student's interest and career goals, and often results in job opportunities and professional connections. You will apply aspects of healthcare administration theory and dynamics of interprofessionalism in a real-world healthcare setting. Your capstone work (a minimum of 150 hours) will be completed in partnership with designated site mentor/supervisors. The end result will be a substantive project deliverable demonstrating the summative application of your previous coursework.

Prerequisite(s)

HCA 700
HCA 710
HCA 720
HCA 730
HCA 740
HCA 750
HCA 770

Course Outcomes

Upon completing this course, you will be able to do the following:

- Work in collaboration with a mentor supervisor resulting in completing a substantive work project either modification of processes & protocols; or, in completion of a work project with a clearly defined scope incorporating application of the majority of MHCA Program Learning Outcomes.
- Summarize completion of activities established on professional activity plan (MHCA 770) during Capstone
- Document accomplishment of graduate program outcomes in a summative portfolio
- Reflect upon graduate program and application of learning within rural and urban health care settings

Course Requirements/Components
